WOUND INSTRUCTIONS

- **Remove dressing the next morning.**
- **Cleanse area daily with soap and water until next visit.**
- **Cleansing and dressing changes may need to be performed twice daily for the first week due to excessive drainage.**
- **Apply antibiotic (antibiotic drops, sulfa cream, triple antibiotic, bacitracin) as directed to area after cleansing and redress with a band-aid or gauze and tape.**
- **Tylenol, Advil, Aleve, or Ibuprofen as needed for discomfort.**
- **In case of emergency after hours call OSF St. Elizabeth at (815)433-3100.**
